

## Making Tax Digital Update May 2017

In April we advised you that HMRC had announced that all businesses and certain individuals will have to file their accounting information digitally on a quarterly basis.

The good news is we have teamed up with Sage, who in our opinion, offer the best fully compliant accounts package. The benefits to you, our client are:

 <p><b>Anywhere, anytime</b> At work, at home, on the go. On your computer, tablet and phone – whenever you need it.</p>	 <p><b>Collaborate and share</b> Allows us to collaborate with you and work on real-time data to lighten the load for you.</p>	 <p><b>Super easy</b> No experience needed and we take care of the complex issues. Easy keeps getting easier.</p>
 <p><b>We keep you compliant</b> Together with Sage we'll keep on top of the latest legislation including VAT, RTI and Auto Enrolment.</p>	 <p><b>Safe, secure, trusted</b> Bank-level security and no need for backups, all for your peace of mind.</p>	 <p><b>With you all the way</b> Sage offer 24/7 phone and email support and web chat as you grow your business.</p>

We want to support you fully and will be offering a range of services and resources to make the transition as smooth as possible.

An introductory evening is planned for early July (date tbc) to explain the changes and a Sage specialist adviser will give a demonstration of the two packages we are offering:

<p><b>Sage One Start</b> Simple money management designed for smaller businesses.</p>	<p><b>Sage One Accounting</b> Gain more control with multi-currency, multi-user and multi-company and get real insights to grow your business.</p>
---	--

This will also be an opportunity to meet our team and discuss the benefits of Making Tax Digital to your business.

To express your interest in attending please contact Lindsay on 0113 252 5911 or
